ICPS CONFERENCE 2018 VIDEOS

Videos of the ICPS Conference 2018 which was held in Santa Rosa, California, have been posted on the ICPS YouTube channel (<https://www.youtube.com/user/icpstv>) and in the conference section of the ICPS main website (<https://www.carnivorousplants.org/about/conferences>). All of the talks at the conference were recorded although the posting of two talks has been delayed. Videos from the 2000 and 2010 conferences are also posted on those websites.

The almost 12 hours of videos of the 2018 conference, including the keynote address by Peter D'Amato and 12 presentations, are available to ICPS members in mp4 format on a USB Flash Drive at the ICPS Store at the ICPS membership website (<https://icps.clubexpress.com/>).
